

1847 WINERY ROUND TABLE SHIRAZ 2024

OVERVIEW

In the cellar of 1847 Winery stands a grand round table. Many years ago, the former owner brought this historically significant piece all the way from Cape Town, South Africa, and placed it at the heart of the winery's cellar in Australia. Later, a sudden and devastating flood swept through the estate, causing widespread damage. The round table was not spared — it was nearly destroyed. But the old winemaker refused to let it become a relic of the past. With his own hands, he restored it piece by piece, breathing new life into it and preserving the spirit of resilience in the face of adversity. The Round Table wine is named in its honor — a wine that carries the legacy of history and rebirth, created for those who gather, share, and celebrate around the table.

VARIETY

Shiraz

TECHNICAL INFORMATION

Alcohol: 14.5% | Volum: 750ml | Region: South Australia

VINTAGE REPORT

The 2024 vintage in South Australia was marked by a mild growing season and ideal ripening conditions. A cool summer with minimal heatwaves allowed for slow, even ripening, preserving natural acidity and enhancing flavour complexity. Yields were slightly below average, but overall fruit quality was excellent. White varieties showed bright aromatics and crisp structure, while red varieties developed ripe tannins and concentrated fruit character. Winemakers across the region are optimistic, calling 2024 a vintage of balance, freshness, and elegance.

WINEMAKING

This Shiraz is crafted with 70% of the fruit sourced from premium vineyards in the Langhorne Creek area, where warm days and cool nights create ideal conditions for full ripening and flavour development. The grapes were harvested at peak maturity, then gently crushed and fermented in temperature-controlled stainless steel tanks to preserve maximum freshness and purity of aroma. This wine has not undergone any oak maturation, allowing the natural characteristics of the variety to shine through in their purest form.

TASTING NOTE

A bright ruby-red colour with purple reflections, indicative of its youthful vibrancy. The nose is lifted and fruit-driven, offering fresh aromas of raspberry, blackberry and plum, intertwined with hints of violet and subtle spice. On the palate, it is medium-bodied and lively, showcasing pure dark fruit flavours with a smooth texture and refreshing acidity. Without any oak influence, the wine highlights the natural varietal character of Shiraz — juicy, vibrant and elegantly balanced, with a clean, lingering
