

1847 WINERY “Z” STILL ALCOHOL-REMOVED GRAPE JUICE

Background

Our de-alcoholized grape juice is crafted from premium wine grapes using advanced alcohol-removal technology, retaining the natural flavour, aroma, and nutritional value of fresh grapes—without the presence of alcohol. This innovative product offers a healthier, family-friendly alternative to traditional wine or sugary soft drinks, while preserving the authentic taste of the vineyard. The benefits of producing de-alcoholized grape juice include meeting the growing global demand for wellness-conscious beverages, catering to consumers who avoid alcohol for health, religious, or lifestyle reasons. As interest in low- and no-alcohol products continues to rise, de-alcoholized grape juice provides a perfect solution—naturally sweet, rich in antioxidants, and suitable for all ages and occasions.

Varieties

A de-alcoholized blend of Shiraz and Cabernet Sauvignon.

Technical Information

Alcohol: 0% | Net Volume: 750ml | Region: South Australia

Winemaking

The base wine is made from premium South Australian Shiraz and Cabernet Sauvignon, aged 6 months in American oak. Using the winery’s advanced proprietary technology, reverse osmosis separates water and ethanol while preserving pigments, tannins, and flavor compounds. The water-alcohol mix is then distilled to remove alcohol, and the pure water is recombined with the retained elements, restoring the wine’s original structure as a refined de-alcoholized juice.

Tasting Notes

This de-alcoholized blend of Shiraz and Cabernet Sauvignon from South Australia presents a vibrant purple-red hue. On the nose, it reveals generous aromas of blackberry, black cherry, cinnamon, and a hint of vanilla, layered with delicate floral notes. The palate is smooth and well-structured, with soft tannins and balanced acidity. A touch of sweetness on the finish adds harmony and drinkability, making this wine-like beverage both elegant and approachable, with excellent overall balance.

Classic Pairings

With reduced fructose, this retains the rich fruit, acidity, and firm tannins of a traditional dry red. Ideal with hearty dishes like seared steak, roast lamb, or black pepper beef, where tannins balance the fat. It also pairs beautifully with mushroom risotto or truffle pasta. A perfect alcohol-free choice for health-conscious dining, gatherings, or business events.

Serving Temperature

15–16° C
